COLORADO WATERCOLOR SOCIETY

Meet your new Board members... Part 3

By Greg Chapleski

Beatrice Trautman Vice President of Programs

As many of you are aware, we recently added a new member to the Board after Vicki Tucker decided to step down after many, many years of service to CWS. Although she is new

to the Board of Colorado Watercolor Society, she has been a member for quite a long time. Here's what to know about...

Beatrice has been a member of CWS since 2005 and has loved every minute of it, especially the painting part. Like all of us who paint on a regular basis, her style has evolved upwardly from basic skills to a point where she realized there isn't anything that she doesn't like to paint – and, it shows.

She began painting with watercolor back in 1996 and has stuck with it because as she says, "I love how the paints blend as pigment meets water on white paper." She lets it all happen while she watches - however, she will push things along with an additional swipe of the brush or introduction of more water.

Now, in addition to traditional methods of painting, Beatrice has found a new area of watermedia, and that is "yupo." It's a smooth plastic surface that causes interesting things to happen with the use of alcohol in a spray bottle, a small paint roller, salt, various scrapers and just about anything she can manipulate with her hands.

If you attended our November meeting and program you saw her techniques at their masterful best. Interestingly, the entire time she was demonstrating she had a smile on her face – certainly a sign of enjoying what one is doing.

Welcome to the Board of CWS Beatrice, we are pleased to have you and look forward to experiencing all the great ideas and programs you are planning to bring to our monthly meetings.

IN MEMORIAM

Barbara Rauch Nielsen.

Barbara passed away in May 2017, after a long bout with Parkinson's disease at the age of 89. She was born in Illinois and raised from a young age by her widowed mother who was a true inspiration to her. She studied at the Art Institute of Chicago and later got a BS degree in Architectural Engineering at the University of Colorado after overcoming the objections of the faculty because she was a woman doing a man's job. While at the University she met and married her Architect husband Ole Nielsen. Together they raised 5 children.

She had extensive experience as a draftsman, delineator and interior designer before switching her main focus to Fine Art. She taught at The University of Colorado, Arapahoe Community College and Loretto Heights College.

She has shown her art at Denver Art Museum, Littleton Museum, the Museum of International Folk Art, Santa Fe as well as Metropolitan and All-Colorado exhibitions.

From Rita Derjue

Barbara and I met in 1964 and she introduced me to the Colorado Watercolor Society some 50+ years ago.

She was an accomplished artist and a true friend who will be missed.

The Board in Brief

By Merrie Wicks, recording secretary

November, 2017

Karen Hill gave a report on activities with the Western Slope group. The art instructor at Western State is very interested in partnering with us to encourage art students.

CWS Insurance policies were discussed, standard business policy and indemnifying the Board.

Three signature members were approved Steve Eband, Joan Judge and Mary Piche. Sharon Rouse reported on several programs that she felt should be considered for the scholarship money expenditure.

A motion to provide \$500 to cover the Scholastic Art and Writing program for Colorado was voted upon and approved.

Treasurer's report was distributed.

Beatrice T. announced that the January 3 tour of the Women Artists at the Denver Art Museum is scheduled for January 3. We need at least 10 members to participate.

Greg C. announced that Francis Olsen has passed away. Her family still has further donations for CWS.

A list of possible venues for the upcoming shows was distributed. Each board member has a contact to make to see if we can find new locations. Board members are to report contact names, gallery details, and results of the contact by end of December.

Four Demos a success, and fun too!

What's the word?... "WOW" would fit the event perfectly. And that's what happened after a very informative member meeting at CWS in November. For details on the meeting read "Board in Brief" and then you will be ready to hear about the Program.

So here goes: The program for the evening was staged at all four corners of the room, literally. Each of the four areas had two tables set up and an artist at each area. Everyone was invited to grab some refreshments and to visit any and all of the four areas to witness how each artist executed various skills and techniques that they have mastered over time with their talents.

Needless to say, everyone was eager to visit all of them and them to spend more time at the area of their choosing. While watching each demonstrating artist, he/she explained what they were doing and what to expect as the next step was taken. Those wanting to learn more about what they were watching or hearing were encouraged to ask questions. And ask they did, and learn they did..

Camilla Scott showed various finished pieces as she demonstrated how encaustic – colored pigments mixed with hot wax – works on various surfaces. Watching it happen and seeing the finished product was amazing. Her skill level with the medium gets better and better the more she works with it, and it shows.

Diane Calkins showed numerous finished paintings as she explained how her techniques are used to create those paintings. Most surprising was the large number of paints she uses on her expanded pallet. And, she uses them all as she loves to take risks with a brush – and the rewards are a feast for the eyes.

Chuck Danford has come a long, long way since he first demonstrated yupo at CWS. His skill level with watercolor on yupo was an exciting thing to see. He explained and showed every step of the way as he put brush to the plastic surface. Lifting color and building color takes a disciplined skill level that he has mastered – "A-mazing."

Beatrice Trautman had way too much fun with painting on yupo. Colors did magical things as she applied paint with brushes, moved it with a small roller and hit everything with a squirt or two of alcohol or water. Then there was the lifting and layering. Her techniques made everyone smile as much as Bea because the results were both beautiful and colorful.

Question is Asked...

How does one achieve "Signature" status with Colorado Watercolor Society?

Answer: CWS members who are current with their dues and have, within the past ten years, been accepted into three juried CWS or WFWS exhibitions (as a member), may apply for Signature Membership (the same painting accepted into both a CWS and a WFWS exhibition will count as only one acceptance). Signature Membership confers the privilege of using "CWS" after your signature on water media paintings and using "Signature Member" to describe your status with CWS. Policy was Adopted 3/20/07. The CWS Member Show does not count towards Signature status as it is non-juried. And, any other show/exhibit into which one is accepted, locally, nationally or world-wide does not count towards Signature status with CWS.

The "Signature" application can be found on the CWS web site. Once "Signature" status is achieved, you are entitled and encouraged to use the letters "cws" after your signature on future paintings. And, you can continue to do so provided your membership dues remain current and paid.

Cancelled Meetings...

Since we are entering that time of year when the weather may call in to question whether we will have our scheduled monthly meeting or if it will be cancelled or rescheduled.

Here is how to know: If the Denver School System is closed or shut down due to snowy or hazardous weather conditions, CWS will also be cancelled. The church has told us that it too will be closed and no one will be there to oversee any previously scheduled events. And, there will not be any possibility of re-scheduling it due to potential scheduling conflicts at the church where we regularly meet.

A Watercolor Helpful Hint?

Have you made discovery that helps you as you paint with watercolor? – Is it a technique, a process, a short-cut, or whatever... If it works for you, please tell us about it. It will be shared with everyone in Collage, our monthly newsletter.

Your Name (optional) _____ Thank You!

PLEASE NOTE: You can drop it off at the Welcome table at the next CWS meeting or email it to brenner.tim@comcast.net or to greg@eddimples.com
